

Dear Louisa,

You did it! Oh, I suppose I could say "we did it," but the truth is that the reason KEXP was able to successfully shorten its Summer Fundraising Drive to one day and play more music last week was because YOU and your fellow members of the Amplifiers Monthly Giving Club put us on the firm financial footing to try this brave experiment. THANK YOU!

I'd also like to express my deepest gratitude to the many Amplifiers that chose to increase their monthly donation. Your additional gifts helped raise a grand total of \$155,355 in a matter of hours. Plus, per your requests, you were eligible to vote for the Seattle neighborhood of your choice in the 8th Annual Hood-to-Hood Challenge. We look forward to partying with you in Ballard next year!

Speaking of parties, it was a joy to see so many of you at the Amplifiers Love Week bash last Friday night, June 7, at Fred Wildlife Refuge. We had a line around the block waiting to get in when doors opened, and everyone seemed excited to be there. You showed plenty of enthusiasm at our special Amplifiers Appreciation concert with the Cave Singers, too. (If you didn't get to attend the show, don't fret—[the whole performance is already archived on KEXP.ORG.](#))

When we first started talking about starting a sustaining giving program at KEXP a few years ago, we had some pretty high hopes—and YOU have fulfilled them. Now, as we recover from a rollicking Amplifiers Love Week, we're more grateful than ever for your support. Your passion constantly inspires us, and we promise to keep dreaming up more and better ways to connect you to new artists and amazing music in the future.

With appreciation,
